

YACINE KAHLERRAS

FRONTEND DEVELOPER

Annaba, Algeria | kahlerasse@gmail.com | +213796805005 | [Portfolio Website](#)

SUMMARY

Skilled frontend web developer with 2+ years of hands on experience building clean, responsive sites that are a breeze to use. I'm comfortable with React, Next.js, Express.js, MongoDB, and Tailwind, and I focus on writing solid, efficient code to create smooth, top notch user experiences.

TECHNICAL SKILLS

- | | | |
|--------------|--------------|----------------|
| • React.js | • MongoDB | • Tailwind CSS |
| • Next.js | • Postgresql | • Material UI |
| • Express.js | • Firebase | • Figma |

EXPERIENCE

Frontend Web Developer, 24 Hour Therapy Dec 2024 - Present

- Built and maintained responsive, accessible, and user-friendly interfaces using React and Next.js.
- Optimized page load times, especially for critical features like video calls, appointment scheduling, and real-time chat.
- Managed complex client-side states (e.g., user sessions, real-time messaging) using Zustand and React's Context API.

Fullstack Developer, MMI Broadcasting Aug 2023 - Jan 2024

- Developed, integrated, and fine-tuned AI-driven text generation and text-to-speech features. This involved implementing NLP models or APIs to ensure the text and audio output were both accurate and responsive.
- I handled server-side logic with Firebase and other backend tools, ensuring secure data storage, smooth user authentication, and reliable API integrations.
- I designed and implemented complex, accessible UIs that followed modern design principles, maintaining consistency in style and usability.

Frontend Developer, Devlaunchers (non-profit) Jun 2023 - Jan 2025

- Creating visually appealing, intuitive, and responsive user interfaces for websites.
- Working closely with UI/UX designers, I convert their design mockups and wireframes into functional web pages.
- Collaboration with backend developers is crucial for the seamless integration of frontend interfaces with server-side applications or APIs.
